

Sustain Dane's Powerful Teen Leaders Sponsorship

Join us as a sponsor for Sustain Dane's Powerful Teen Leaders

In its fourth year, Sustain Dane's Powerful Teen Leaders program continues to grow. Powerful Teen Leaders is a youth workforce development program that introduces Madison youth furthest from resources to the skills and exposure necessary for a career in the green economy. This paid employment opportunity includes workforce readiness training, financial literacy, and community connection. Powerful Teen Leader's has worked with 36 youth participants and interacted with over 25 community partners. Sponsoring Powerful Teen Leader's is a great way to build the next generation of workforce, and show your organization of a champion of supporting our Dane County youth.

Interested? Email Spencer Bierman at spencer@sustaindane.org to discuss your desired sponsorship level.

Three years of programs

Sustain Dane's Powerful Teen Leaders Sponsorship

Impacts from 2023 - 2025

- 100% of participants strengthened their **connection to their community**
- 100% of participants were more **interested in green jobs** by end of the program
- 100% of participants would be interested in participating in **more Powerful Teen Leader programs**
- 86% of participants were more **interested in STEM** after completion of the program

Participant Testimonials

"I really liked learning about **different careers** that I am interested in for the future. **Solar panels are awesome.**"

- Aviana, PTL Participant

"I'd love to get involved with some local work, like at the **Arboretum**. I'd **never been before**, so I had no idea it was that big and important to Madison's wildlife. **Even if they don't have job openings anytime soon, it would be a great place for me to volunteer** and start building experience."

- Jeremy, PTL Participant

"My favorite parts of the summer were exploring **new job fields** and making **new relationships.**"

- Musa, PTL Participant

"I love this program and wish to be in it again next year I am more than **grateful for being invited again** i want to continue to help our environment because even if nobody cares I still wanna help because yolo and I wanna be useful all my life til the end, and **this job has given me so much inspiration and motivation** and im so ready for change"

Anonymous, PTL Participant

Host Site Testimonials

"I really appreciated the **enthusiasm** of the students! They all, in their own ways, were easy to connect with and asked **great questions** and showed a lot of respect. **I was impressed by their leadership skills.**"

- Maryn, Epic Systems

"**These kids are driven** despite their backgrounds. I noticed one student inspired at least 3 others to apply to the program. **When the kids break out of their shells, that was my highlight.** Finding that connection was the challenge."
